Biological Microscope

XSP-128A

XSP-128B

XSP-128C

Features:

- Fully coated optical system, mechanical tube length 160mm
- 45mm achromatic objectives, par focal
- Focusing stop to prevent objectives & slides from damaging
- Power supply 110V or 220V, CE approval
- 360° rotatable
- Coarse and fine focus adjustment, range 30mm
- Built-in illumination, adjustable brightness
- A wide range of accessories to be equipped with this microscope for multi-purpose.

For detail specifications and pricing of biological microscope, please contact us at sales@super-a-scientific.com for information.

Comparison Microscope

XZB-605

- Viewing two images from two objects at the same time. Adjusting two images to connect or lap over, differentiating the minuteness difference between two objects. It is an ideal instrument for object comparison. Several different viewing states available on comparison head;
- Partial and full left/right images and superposition images.
 - Magnification of comparison head: 1X
 - Viewing field of comparison head over 20mm .
 - 195 series objectives applicable.
 - Biological microscope objectives 40X, 10X, 20X, 40X, 50, 60X, 100X
 - Monocular, Binocular or Trinocular Comparison head are for option.

For detail specifications and pricing, please contact us at sales@super-a-scientific.com for information.

Microscope

Illuminated Pocket Microscope

Pocket Microscope Illuminated 30x 1389

Pocket Microscope Illuminated 30x
With this set the student can study the relationship between mass and density. This five piece set demonstrates the relationship between density and length.

Pocket Microscope Illuminated YT80911 60X-100X

Pocket Microscope Illuminated YT80915 40X

Magiscope

Magiscope 1304

A perfect microscope for lab and field use. Some special features designed for young scientists include sturdy construction of metal, no knobs to break or lose, and a chemical-resistant finish. This microscope also incorporates a built-in light-gathering prism for simple lighting, and a sliding barrel focus adjustment, which prevents accidental impact with slides. Comes with spring stage clips, a 10X eyepiece and a 4X objective lens for good quality viewing. (4" x 5.5" x 10.5", 2.5lbs.)

Plastic Microscope

Toy Microscope

0409-600

Develops Children's Intelligence

Eyepiece: 10x fixed, Object: 10x, 20x, 60x,

Power: 600x, Color: red, black, silver, blue

Accessories are:

- * Blank slides: 4
- * Lighting system: view finder and electrical
- * Prepared slides: 2
- * Instruction: manual
- * Gum media: 1
- * Burette: 1
- * Sea salt: 1
- * Blank labels: 6
- * Cover slips: 6
- * Color filter: 1
- * Shrimp eggs: 1
- * Butterfly specimens: 1
- * Hatchery kit: 1

Toy Microscope with 4 Blank Slides and 1 Hatchery Kit

0409-900

Eyepiece: 10x fixed, Object: 10x, 40x, 90x

Power: 900x, Color: red, black, silver, blue

Accessories:

- * Blank slides: 4
- * Lighting system: view finder and electrical
- * Prepared slides: 2
- * Instruction: manual
- * Gum media: 1
- * Burette: 1
- * Sea salt: 1
- * Blank labels: 6
- * Cover slips: 6
- * Color filter: 1
- * Shrimp eggs: 1
- * Butterfly specimens: 1
- * Hatchery kit: 1

Elementary Microscope Kit 1367

This microscope is an excellent unit for beginners. Eyepiece, 10x, Objectives, 10x, 20x, and 30x
Rack & pinion geared focusing, stage clips, reflective mirror or battery operated illumination. Comes with 1 plastic prepared slides and 3 blank plastic slides, 6 plastic cover slides and mounting media.
The unit is 8"x 2.5"x 5".
Requires 2 "AA" batteries (not included)

Toy Microscope MP-A450L

Eyepiece: 10x fixed,
Objective: 10x, 20x, 30x Magnification:
450x ,
Color: red, black, silver, blue
Accessories:
* Blank slides: 3
* Prepared slide: 1
* Gum media: 1
* Cover slips: 6
* Blank labels: 6
* Burette: 1
* Lighting system: view finder
* Instruction: manual

Toy Microscopes MP-A300

Eyepiece: 10x fixed Objective: 10x, 20x, 30x
Magnification: 300x
Color: red, black, silver, blue
Accessories:
* Blank slides: 3
* Prepared slide: 1
* Gum media: 1
* Cover slips: 6
* Blank labels: 6
* Burette: 1
* Lighting system: view finder
* Instruction: manual

Toy Microscope MP-B750

Eyepiece: 10x fixed Object: 10x, 40x, 75x
Power: 100x, 400x, 750x
Color: red, black, silver, blue
Accessories:
* Blank slides: 4
* Prepared slide: 2
* Gum media: 1
* Cover slips: 6
* Blank labels: 6
* Burette: 1
* Shrimp eggs: 1
* Sea salt: 1
* Hatchery kit: 1
* Lighting system: view finder and electrical
* Instruction: manual
* Color filter: 1
* Butterfly specimen: 1

Toy Microscope with 1 Gum Media and 6 Cover Slips

MPZ-C900

Eyepiece: 10x-20x zoom,

Object: 5x, 20x, 45x

Power: 900x

Color: red, black, silver, blue

Accessories:

- * Blank slides: 4
- * Prepared slide: 2
- * Gum media: 1
- * Cover slips: 6
- * Blank labels: 6
- * Burette: 1
- * Shrimp eggs: 1
- * Sea salt: 1
- * Hatchery kit: 1
- * Scalpel: 1
- * Color filter: 1
- * Butterfly specimen: 1
- * Eosin: 1
- * Spatula: 1
- * Tweezers: 1
- * Lighting system: view finder and electrical
- * Instruction: manual

Toy Microscope with 6 Cover Slips STX-1200

Lighting system: view finder and electrical

Eyepiece: 10x-20x

Object: 5x, 20x, 60x

Power: 100x, 400x, 1,200x

Accessories:

- * Blank slides: 12
- * Prepared slides: 12
- * Gum media: 1
- * Shrimp eggs: 1
- * Sea salt: 1
- * 6 Cover Slips
- * Shrimp hatchery kit: 1
- * Methylene blue: 1
- * Scalpel: 1
- * Petri dish: 1
- * Magnifier: one 3x
- * Mealie seeds: 1
- * Slicer: 1
- * Projector hood: 1
- * Dropper: 1
- * Blank labels: 24
- * Color filter: 1
- * Butterfly specimen: 1
- * Eosin: 1
- * Yeast: 1
- * Spatula: 1
- * Stirring rod: 1
- * Test tubes: 1
- * Condenser lens: 1
- * Scissors: 1
- * Tweezer: 1
- * Probe: 1

Toy Microscope with View Finder and Electrical Lighting System

TMP-B900

Eyepiece: 10x fixed,
Object: 10x, 40x, 90x
Power: 900x Color: red

Accessories:

- * Blank slides: 3
- * Lighting system: view finder and electrical
- * Prepared slide: 1
- * Instruction: manual
- * Gum media: 1
- * Burette: 1
- * Projector hood: 1
- * Eyepiece: 1

Toy Microscope with 1 Hatchery Kit and Instruction

TMPZ-C1200

Lighting system: view finder and electrical
Eyepiece: 10 to 20x,
Object: 5x, 20x, 60x
Power: 1,200x,
Color: red, black, silver, blue

Accessories:

- * Blank slides: 4
- * Prepared slides: 2
- * Gum media: 1
- * Shrimp eggs: 1
- * Sea salt: 1
- * Cover slips: 6
- * Hatchery kit: 1
- * Burette: one
- * Condenser lens: 1
- * Lighting system: view finder and electrical
- * Instruction: manual
- * Super slide: 2
- * Scalpel: 1
- * Projector hood: 1
- * Blank labels: 6
- * Color filter: 1
- * Eosin: 1
- * Spatula: 1
- * Tweezer: 1

Stereo Microscope

XP-501, XP-501T, XP-146P, XP-148P

As one of the most professional instruments, in widely used in geological, mineral, metallurgical industries with functions of single polarizing view, orthogonal polarizing view, cone light view and micro-photograph. Equipped with attachment gypsum(1λ), mica($\frac{1}{4}\lambda$) test piece, quartz wedge and attachable mechanical stage. It is a novel microscope with maturity function and nicer quality.
